“Mercy Ships excels in demonstrating the heartfelt compassion of Christ in hands-on, practical ways. I have seen the Mercy Ships team in action and have been moved to tears, knowing that thousands are being reached with the hope and help of Jesus!”

—Joni Eareckson Tada,

International Disability Center

Every 5 days in Africa, 150,000 children die from preventable, treatable conditions. These are the diseases of poverty. What begins as a simple infection, left untreated, can have disastrous results. For less than \$1 per day (as little as \$360*) you can provide a free life-transforming surgery and change a life forever.

I want to sponsor a life-transforming surgery!

- \$360 Provides one free surgery.
 \$180 Covers half of one free surgery.

- \$36 Covers a share of a free surgery.
